#### **Review Report of Certified Public Accountant**

#### To the Board of Directors of Nation Broadcasting Corporation Public Company Limited

I have reviewed the accompanying statement of financial position of Nation Broadcasting Corporation Public Company Limited as at 30 September 2011, and the related statements of comprehensive income for the three-month and nine-month periods ended 30 September 2011 and 2010; and the related statements of changes in equity and cash flows for the nine-month periods ended 30 September 2011 and 2010. The Company's management is responsible for the correctness and completeness of information presented in these financial statements. My responsibility is to issue a report on these financial statements based on my reviews.

I conducted my reviews in accordance with the auditing standard on review engagements. This Standard requires that I plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit in accordance with generally accepted auditing standards. I have not performed an audit and, accordingly, I do not express an audit opinion on the reviewed financial statements.

Based on my reviews, nothing has come to my attention that causes me to believe that the financial statements referred to above are not presented fairly, in all material respects, in accordance with Financial Reporting Standards.

As explained in notes 2 and 3 to the interim financial statements, with effect from 1 January 2011, the Company has adopted certain new and revised financial reporting standards. The financial statements for the three-month and nine-month periods ended 30 September 2010, which are included in the accompanying financial statements for comparative purposes, have been restated accordingly.

I have previously audited the financial statements of Nation Broadcasting Corporation Public Company Limited for the year ended 31 December 2010 in accordance with generally accepted auditing standards and expressed an unqualified opinion on those financial statements in my report dated 15 February 2011. As explained in notes 2 and 3 to the accompanying financial statements, those financial statements have been restated consequent to the adoption of certain new and revised financial reporting standards. I have audited the adjustments that were applied to the restatement of those financial statements and in my opinion those adjustments are appropriate and have been properly applied. Other than the audit of those adjustments, I have not performed any auditing procedures since that date of my audit report. The statement of financial position as at 31 December 2010, which is included in the accompanying financial statements for comparative purposes, is a component of those restated financial statements.

The parent company during the financial period was Nation Multimedia Group Public Company Limited (62.10% shareholding), a company incorporated in Thailand.

The principal businesses of the Company are production of TV programs and radio programs and providing advertisements through TV media, radio media and new media forms.

#### 2 Basis for preparation of the interim financial statements

#### (a) Statement of compliance

The interim financial statements issued for Thai reporting purposes are prepared in the Thai language. This English translation of the interim financial statements has been prepared for the convenience of readers not conversant with the Thai language.

The interim financial statements are prepared on a condensed basis in accordance with Thai Accounting Standard (TAS) No. 34 (revised 2009) *Interim Financial Reporting*; guidelines promulgated by the Federation of Accounting Professions (FAP); applicable rules and regulations of the Thai Securities and Exchange Commission.

The interim financial statements are prepared to provide an update on the financial statements for the year ended 31 December 2010. They do not include all of the financial information required for full annual financial statements but focus on new activities, events and circumstances to avoid repetition of information previously reported. Accordingly, these interim financial statements should be read in conjunction with the financial statements of the Company for the year ended 31 December 2010.

During 2010 and 2011, the FAP issued the following new and revised Thai Financial Reporting Standards (TFRS) relevant to the Company's operations and effective for accounting periods beginning on or after 1 January 2011:

TFRS	Topic
------	-------

TAS 1 (revised 2009)	Presentation of Financial Statements
TAS 2 (revised 2009)	Inventories
TAS 7 (revised 2009)	Statement of Cash Flows
TAS 8 (revised 2009)	Accounting Policies, Changes in Accounting Estimates and Errors
TAS 10 (revised 2009)	Events after the Reporting Period
TAS 16 (revised 2009)	Property, Plant and Equipment
TAS 17 (revised 2009)	Leases

TAS 18 (revised 2009)	Revenue
TAS 19	Employee Benefits
TAS 24 (revised 2009)	Related Party Disclosures
TAS 33 (revised 2009)	Earnings per Share
TAS 34 (revised 2009)	Interim Financial Reporting
TAS 36 (revised 2009)	Impairment of Assets
TAS 37 (revised 2009)	Provisions, Contingent Liabilities and Contingent Assets
TAS 38 (revised 2009)	Intangible Assets
TFRS 2	Share-based Payment
TFRS 5 (revised 2009)	Non-current Assets Held for Sale and Discontinued Operations
TIC 31	Revenue-Barter Transactions Involving Advertising Services

The adoption of these new and revised TFRS has resulted in changes in the Company's accounting policies. The effects of these changes are disclosed in note 3. Except for these changes, accounting policies and methods of computation applied in these interim financial statements are consistent with those applied in the financial statements for the year ended 31 December 2010.

Topic

In addition to the above new and revised TFRS, the FAP has issued during 2010 a number of other TFRS which are expected to be effective for financial statements beginning on or after 1 January 2013 and have not been adopted in the preparation of these interim financial statements. These new and revised TFRS are disclosed in note 17.

#### (b) Presentation currency

**TFRS** 

The interim financial statements are prepared and presented in thousand Baht unless otherwise stated.

#### (c) Use of estimates

The preparation of interim financial statements in conformity with TFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Except as disclosed below, in preparing these interim financial statements, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2010. Changes principally derive from the adoption of new and revised TFRS from 1 January 2011.

#### Estimates

#### Measurement of defined benefit obligations

The calculation of the defined benefit obligation is sensitive to the assumptions on discount rate, salary increase and mortality rate as set out in note 9.

#### 3 Changes in accounting policy

#### (a) Overview

From 1 January 2011, consequent to the adoption of new and revised TFRS as set out in note 2, the Company has changed its accounting policies in the following areas:

- Presentation of financial statements
- Accounting for employee benefits

Details of the new accounting policy adopted by the Company and the impact of the changes on the financial statements are included in notes 3(b) to 3(c) below. The impact of the changes on the 2011 financial statements is summarised as follows:

- Statement of comprehensive income;
- Statement of changes in equity;
- Statement of cash flows; and
- Notes to the financial statements.

As a result, the Company presents all owner changes in equity in the statement of changes in equity and all non-owner changes in equity in the statement of comprehensive income. Previously, all such changes were included in the statement of changes in equity.

Comparative information has been re-presented so that it also is in conformity with the revised standard. Since the change in accounting policy only impacts presentation aspects, there is no impact on reported profit or earnings per share.

#### (c) Accounting for employee benefits

The Company has adopted TAS 19 Employee Benefits.

Under the new policy, the Company's liability in respect of post-employment benefits is recognised in the financial statements based on calculations performed annually by a qualified actuary using the projected unit credit method. Previously, this liability was recognised as and when payments were made.

The Company's liability for post-employment benefits as at 1 January 2011 has been determined to be Baht 12.97 million.
